

**NASP Fall Conference  
Portland Downtown Marriott  
October 29 –November 1, 2006  
Final Report**

The theme of the 2006 NASP Fall Conference was Resilient Programs - Resilience Students. The keynote speaker was Dr. Al Siebert, a resiliency expert from Portland. The conference also featured presentations by the Department of Education on the new Upward Bound priorities and by Dr. Arnold Mitchem, President of COE.

All-in-all the conference was a success and we got positive feedback in the evaluations and comments from attendees. Unfortunately, the financial aspect of the conference was not as successful. While the conference grossed \$39,220, expenses were \$25,163. Thus, net profit for the conference was \$14,057, well short of the \$26,800 projection submitted at the spring board meeting in Anchorage.

Attendance at the fall conference was less than anticipated due primarily to two conflicting events, Halloween and the Upward Bound grant proposal deadline. We acknowledge and appreciate the efforts of Region X projects to send staff to the conference, despite these events. There were 132 attendees total, however, only 96 were able to stay for the full conference. This meant that we had to spend more on meals than we actually needed for attendees in order to fulfill our contract with the hotel (\$15,000), and we failed to reserve enough hotel room/nights and were levied a \$3698 penalty as per the contract.

Attached are listing of the Fall conference registrants, the final hotel billing, and the fall conference bank account ledger. All other financial records for the conference are at Yakima Valley Community College including registration forms, copies of all checks, receipts, billings, and original bank statements. Upon receiving one more check for \$375 (included in the above totals), the balance of \$19,057 (includes \$5000 startup funds) will be transferred from the conference account into the NASP account, and the Fall conference account will be closed.

The conference co-chairs truly appreciate the efforts of all those involved with NASP in putting together this conference. The NASP board, past conference chairs, and several others involved with NASP were extremely helpful in providing time, effort, information, ideas, and warm encouragement. We would also like to thank our project support staff at Central Washington University and Yakima Valley Community College for the countless hours and hard work that they put in to making this whole conference come together.

Finally, our thanks to the Board for this opportunity to contribute to the mission of NASP and support our TRiO colleagues. Planning the conference is an exciting, sometimes humbling, endeavor that increases one's awareness of the resilient spirit of NASP students and staff. It is truly rewarding.

And gosh Neil's a great guy! : )

NASP Checkbook

Date	Check #	Comment	Debit	Credit	Balance
5-Jun		Start up allocation		5,000.00	5,000.00
3-Aug		Conference registration		1,300.00	6,300.00
